

# Discrete Speakers in Every Room...

# Simple!

## ELK-SP12F Flush Mount Speakers

ELK-SP12F is a flush mount, interior speaker. It is ideal for alarm or voice applications and flush mounts for a clean, designer look. Installers will applaud the easy installation, utilizing standard, single gang electrical boxes. The low profile design and single gang wall plate size allows the unit to be unnoticed at outlet height.

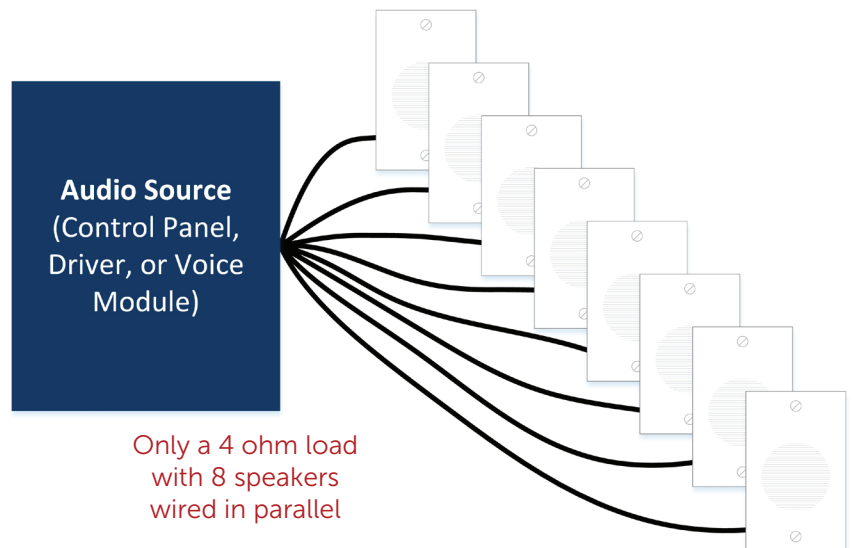

### Features:

- Interior Speaker
- Easy to Install
- Mounts to single gang electrical box (not included)
- Mounting hardware included
- Lifetime Limited Warranty

### Specifications:

- Impedance: 32 ohms
- Rating: 12 Watts
- Size: 4.81" H x 3.13" W x 1.44" D
- Color: White

Easy installation! At only 32 ohms, you can connect more speakers in parallel.
