

More Elk M1 control than you think...

eKeypad
Mobile Solutions

Best software yet ★★★★★

“eKeypad is the number one stop for your alarm solution needs. The home automation management system is superb. The response to this app is phenomenal. I would truly recommend this app to anyone!”
- iTunes Review, September 2013

A remarkably powerful design. Unleash the true potential of your Elk M1 from anywhere, anytime.

Control is no longer limited to the physical buttons. Flexibility is at the core of eKeypad. You get a secure, intuitive and custom control interface. No recurring fees and updates are always free.

eKeypad is not just what is technically possible.
But makes complex technologies easy to use.

Advanced design.

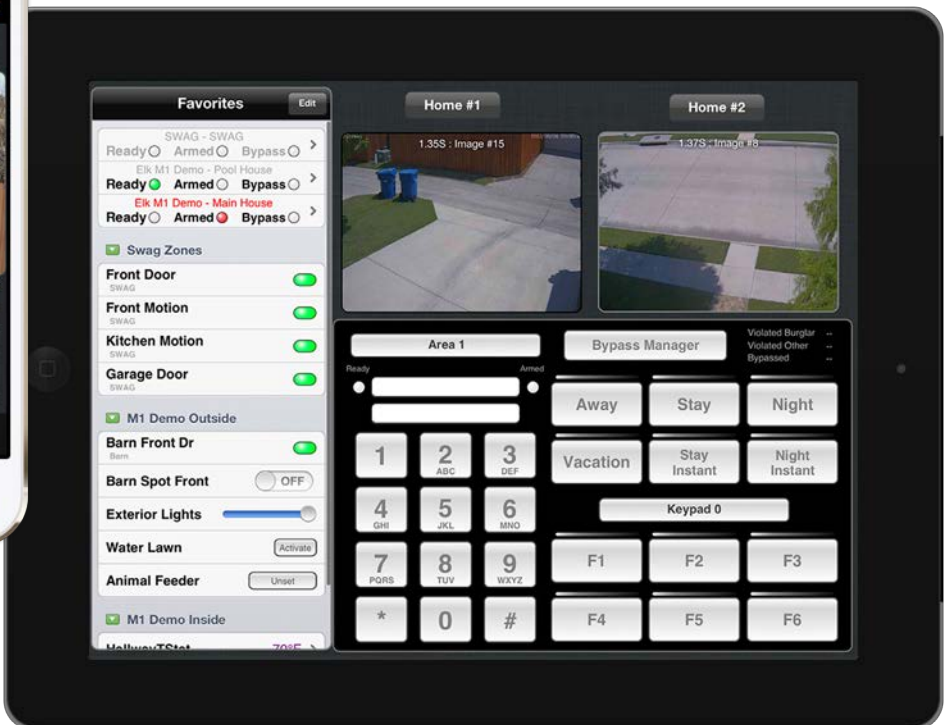

Flexible makes complex look simple.

eKeypad makes integration easy by providing powerful features. With multi-system control and extensive customizations eKeypad adapts to your life. Security and surveillance integration gives peace of mind. Automation, audio/video control and IR brings convenience. Advanced application security protects your privacy.

You are never alone with eKeypad.
Our support is unmatched.

Best app on my iPhone ★★★★★

“The eKeypad app is the most useful app on my iPhone. The app is rock-solid with great support. I can't imagine having an ELK M1 panel without having this app.” - GTJill, iTunes Review
